En Genebre podríamos hablarte de los rigurosos exámenes que organismos de certificación independientes han realizado a todos nuestros productos (laboratorios ENAC, laboratorio Oliver Rodés, WRAS, ACS).

También podríamos aburrirte enumerando las complejas normativas que cumple nuestra empresa (la ISO 9001, la ISO 14001) o nuestros productos (la UNE-EN 19703, la EN 1982, la CW617N, la EN 12165, la ISO 9227, la EN 200, la NF 077, la EN1717, ...).

O maravillarte con las numerosas pruebas de resistencia a las que sometemos a nuestros productos antes de que salgan al mercado (discos cerámicos capaces de resistir más de 200.000 maniobras, giro de los caños que después de más de 80.000 accionados siguen como el primer día, cromados resistentes a la corrosión, plásticos anticalcáreos, el latón y sus aleaciones, etc...).

Pero por encima de todo, queremos hablarte de nuestro compromiso con la calidad y la salud, del ahorro de agua y energía o de la garantía y la asistencia técnica con la que nos encontrarás siempre a tu lado.

Homologación CE (cuando es requerido) y otras específicas para mercados como Bielorrusia, Chile, Polonia, Rusia, México, Ucrania, Singapur y Arabia Saudí.

GENEBRE es miembro de Agrival, Asociación nacional de fabricantes de grifería y valvulería.

At Genebre we could tell you about the rigorous examinations that independent certification institutions have carried out on our products (ENAC laboratories, Oliver Rodés laboratory, WRAS, ACS).

We could also bore you just by listing the large list of regulations that our company complies with (ISO 9001, ISO 14001) or our products (UNE-EN 19703, EN 1982, CW617N, EN 12165, ISO 9227, EN 200, NF 077, EN1717, ...).

Or marvel you with the numerous resistance tests that we always undergo internally to our products before they are launched on the market (ceramic discs capable of withstanding more than 200,000 maneuvers, turning of the pipes that after more than 80,000 actuation continue as the first day, corrosion-resistant chrome plating, anti-limescale plastics, brass and its alloys, etc ...

But above all, we want to talk to you about our commitment to quality and health, saving water and energy or the guarantee and technical assistance with which you will always find us by your side.

EC homologation (when required) and other specific certifications for markets in Belarus, Chile, Poland, Russia, Mexico, Ukraine, Singapore and Saudi Arabia.

GENEBRE is a member of Agrival, the national association of taps and valve manufacturers.
